LION'S ROAR

News from Logan Elementary School

December 10, 2020

Principal's Corner

Greetings Logan Family,

This week, I want to return to the topic of cold weather and the importance of getting outside regularly. Let's revisit one of the benefits from outdoor play, brought to you by Anne Dodds, Keystone STARTS Child Care Health Consultant. This time, she is sharing how the outdoors strengthens our immune system.

Playing outside allows your child an escape from indoor germs and bacteria. This will not only be good for the healthy bunch; the sick kids benefit from the fresh air as well. Just make sure they are properly bundled up and moving around to capture and generate warmth.

Being outside more often also allows your child to develop a stronger autoimmune system and a resistance to allergies. Studies have shown that children in rural areas or those who are active outside have the best overall health.

There you have it. Let's work together to make sure our shared children get all the outdoor time they can. It lifts their health and their spirits!

See you out there!

Brent A. Perdue

Principal, brentp@spokaneschools.org

Pallets of Cleaning and Personal Grooming Products Delivered to Logan

Sodexo Food Services at Gonzaga University joined forces with the University's Center for Community Engagement (CCE) to provide 3 pallets of various home cleaning and personal grooming products for Logan Families. The donated items range from toothbrushes, shaving products, laundry detergent, tissues, paper towels, and much more. Sodexo and its partners Vivabox Solutions and Procter & Gamble collaborated to secure the donations. There is a pallet of each of the following:

- Adult Male Personal Care Kit
- Adult Female Personal Care Kit
- Household Care Kit

Logan families who are interested can drop by the school between 8-4pm to pick up a kit or two.

Morning Drop-Off

Before the coronavirus changed so many things about school, scholars would arrive at school at 8:00 for breakfast and then line up in the hallways for the start of school. This year, to prevent students from coming in to close contact with scholars from other classrooms and grade levels, students are coming directly in to classrooms and eating there. There are no lines outside, and parents are asked that their youngsters not come on school grounds until 8:25. The 8:25 signals that the exterior doors by classrooms will be held open by staff members for kids to go directly to their rooms. A staff member will remain at each door until 8:30, when the tardy bell rings.

Spokane Public Schools complies with all federal and state rules and regulations and does not discriminate on the basis of age, sex, marital status, race, color, creed, religion, national origin, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability, sexual orientation including gender expression or gender identity, or honorably discharged veteran or military status. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities, and provides equal access to the Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to the school district's officers listed on our website at www.spokaneschools.org/nondiscrimination.

School Sure Looks Different This Year

This school year sure is unique! But Logan staff sure are excited to be with kids, whether they are in person or learning from home!
