## Principal's Corner

Logan Families and Community Members,

I want to thank the Logan Community for a fantastic open house. Families had the opportunity to meet our outstanding staff members. I had the pleasure of connecting with families and getting to know families personally. As we begin settling into learning, our goal is to build strong literacy, math, and relationship skills. Each week there will be strategies to assist your student at home.

This week I would like to highlight some literacy strategies parents/guardians can implement at home.

- Set aside regular time for reading, even just 10- 15 minutes
- Limit tv, computer, and video games
- Read aloud and have your child read to you.
- Read a favorite book cover to cover.
- Talk about books and retell exciting stories or favorite parts.
- Read a recipe
- Let your child make lists (Like grocery lists) and watch you make lists.

Each student will receive a laptop for the year to use in class. We ask that each parent/guardian completes the laptop agreement for their student.
