

# Holmes Elementary Newsletter October, 2019

1st grade gets puppies to read to!

## Need To know:

**Stephanie Lundberg**

**It's October! Our school is fully into our learning routines. In just a couple of weeks, you will be coming in for conferences to partner for your child's success. We look forward to a wonderful year with you as a part of our Holmes family.**

## Attendance:

**Students learn best when they are at school every day and on time. Research shows that students should miss one day a month or less to be successful. You can help by:**

- **Set up night time and morning routines**
- **Only keep your student home if they are truly sick**
  - **Headaches and stomach aches can be a sign of anxiety. Connect with the classroom teacher or Mr. Caldwell our counselor**

## Celebrations

- **6th grade helped clean the neighborhood with Whitworth students on Community Building Day**
- **3rd graders learned to code with Computer Science students**
- **PTG has added extra events including 2 Muffins with Moms and 2 Donuts with Dudes**

Reading Buddies
