

Extracurricular Task Force Sub Committee
Meeting #9

Date: 8/17/2020

Committee Name: Extracurricular

Review and Approval of 8/4 Minutes: Minutes Approved

Attendee Names: Whitney Bowerman, Aaron Brecek, Keith Eggleston, Edie Fletcher, Bruce Hafferkamp, Dave Hughes, Eric Johnson, Shawn Jordan, Madisen Robb, Stephanie Splater

Review and Recommendations for Out of Season Coaching Period between 9/28-11/30:

WIAA Language: Action Item: The Executive Board approved an out-of-season period from August 17-September 27 and an out-of-season coaching period from September 28-November 30.

The Executive Board instituted an out-of-season coaching window during the fall for all sports that do not take place in WIAA Season 1. The window will mimic the traditional summer coaching window sanctioned by the WIAA. Football will be allowed 20 days of contact practices during the allowable coaching period in the fall. No coaching will be allowed from August 17- September 27.

Additional Questions/Clarifications:

- Could we get clarification from SRHD on what will be approved? Stephanie will work with Shawn to get that communication
- If we as a committee say schools are closed but we are having sports, what is the district thought on that?
- Once we make a recommendation it will go before a steering committee and SRHD
- Will there be custodial help if we coach at 3PM? Yes- regular custodial schedule
- We do not offer transportation for camps, sports, etc.
- Rogers does provide transportation with summer school
- Keith (AT) mentioned there is a allotted number of hours for ATs during the summer. Would we use those or the school-year balance for Sept 28-Nov 30?
- If we are in Phase 3, 87% of NC coaches approved the out of season coaching period
- How will we work with/communicate with principals around Fall Camp period?

- Would GSL insurances cover us? Are we double-covered?
- Coaches and ADs would work on specific protocols for groupings at Fall Camp
- Keep in mind that coaches CAN rotate among groups... so although groups are limited to 5 (currently), we can be somewhat creative in how spacing occurs
- Different than “summer” I believe we need updated physicals for all participating students...Stephanie is checking with the WIAA/GSL/Risk Management
- Has WIAA done the specific guidelines for the “winter” sports like they did for the “fall” sports? Not yet.
- WIAA guidelines page: <https://wiaa.com/ardisplay.aspx?ID=1911>
- Phase 2 guidance for activities would be in place if we are still in Phase 2 in late September- this could mean sport-specific activities that are within the guidelines (ie. running routes in football but not throwing a ball from one athlete to another.)
- Aaron’s revised proposal #2: **Schools will be allowed to offer sport activities during the “summer session” only to their students (9-12). (Coaches must follow the WIAA guidelines for the given phase)**

Recommendation of this committee to use the September 28-November 30 WIAA-designated Out of Season Coaching Period as outlined above. 6 Yes, 1 abstain

Training:

All SPS staff will be trained on safety/cleaning/health protocols during teacher/staff back to school days in early September. Additional sport-specific training would be done by school athletic departments. Out-of-building coaches would be trained by athletic departments. SPS training materials would be used, Re-Opening Extracurricular plan would be used to supplement and for additional sport-specific information.
