

Spokane Virtual Learning District-to-District Partnerships

Supporting virtual learning partner success for over a decade

Spokane Public Schools, through Spokane Virtual Learning (SVL) makes it easy for other public school districts to provide their own “branded” online learning program with no upfront costs or loss of FTE. Curriculum is created in-house and is aligned with state standards, providing an engaging, rigorous online learning environment for students. This partnership provides proven student support and intervention methods that lead to higher course completion and pass rates. At the same time, school districts can learn to progressively develop their own online teachers and support structures.

The SVL Advantage

Online Curriculum Aligned to:

- Spokane’s Written, Taught and Tested Curriculum
- WA State Content Standards
- iNACOL (international standards for quality online learning)

Proven Student Support Structures

District-To-District Partnership Options:

SVL provides best practices for program development and navigation of alternative learning and online learning rules. District Partner programs are supported with access to SVL’s forms, documents, and procedures.

District Program Support with SVL Teachers and Curriculum

SVL’s asynchronous program serves partner districts with an expansive list of courses developed in-house and aligned to Spokane Public Schools rigorous scope and sequence and WA State standards. Our teachers are highly qualified Washington State certificated WEA members who are trained in best practices for virtual learning. SVL has proven virtual teaching and student support practices with high pass and completion rates. Student-teacher ratios are kept low to provide students with the best virtual learning experience. Pricing covers the cost of teacher, online curriculum, and district program support.

District Program Support with Your Teachers and SVL Curriculum

SVL’s expansive list of courses developed in-house and aligned to Spokane Public Schools rigorous scope and sequence and WA State standards can be available for your virtual (synchronous or asynchronous) or blended learning teacher use. We provide teacher training for using SVL online curriculum and virtual teacher best practices. Pricing covers the cost of online curriculum and district program support.

District Program Support with Your Teachers and Your Curriculum

For almost twenty years, SVL has been developing rigorous online courses with strong alignment to state standards. If your district is interested in beginning this journey, we can share our expertise and provide access to our learning management system in your own Blackboard district-branded environment.
