Supporting Students with Disabilities

• Students with disabilities may have a 504-accommodation plan or an Individualized Education Plan (Special Education).

• How do I find out what a student’s 504/IEP says they need for support?
  • A release of information will need to be completed by the parent stating that SPS can share a copy of the student's IEP or 504 plan with you.
• Will SPS staff be able to assist at our facility?
  • There may be an opportunity for a student’s 1:1 paraeducator to support their learning at your facility.

• Who is our main contact person?
  • *Communication regarding a student's education should flow between the facility and the parents.*

• General questions about special education services can be directed to the Director of Special Education Becky Ramsey at beckyr@spokaneschools.org
