

Team SHRED Newsletter June 1st to 5th

Dear students and parents,

It's June, hang in there and finish strong everyone! If you're curious about locker clean out for the year, here is a [link](#) to our plan. Below is some of the more important information.

Part 2 – Final All-school Collection and Return of Materials: Students will return materials on a staggered schedule. Only 5-10 students will be allowed into the building at a time. Students will line up outside on designated tape that is spaced out 6 feet apart. If it rains, the same line up process will take place in the gym. **Dan Johnson** will manage the students as they wait.

1. Return schedule by team / grade and last name:

7 th graders: June 8 th -12 th	9:00-3:00
8 th graders: Junes 15 th -19 th	9:00-3:00
(9am, A-F) (10am, G-K) (11am, L-O) (12pm, P-S) (1pm, T-Z)	
a. Monday	PEAK, ABLE
b. Tuesday	SHRED, DI, BI
c. Wednesday	GOAT
d. Thursday	HOME
e. Friday	APEX

Shred Support Meetings:

We will hold live classes in Microsoft Teams each day according to the following schedule:

- **Monday-Mathematics:** Geometry 1:00pm, MS 2 1:20pm, 7th 1:40pm (or just jump in from 1-2 pm)
- **Tuesday-Science/CTE electives:** 7th 12:30pm, 8th 1:00pm
- **Wednesday-Language Arts/Social Studies:** 8th SS 11:30am, 7th ELA 12:00pm, 8th ELA 12:30pm, 7th SS 1:00pm
- **Thursday-All other electives** (connect with your elective teachers for this information)

Calendar invites will be sent out to your student's email and posted in Microsoft Teams so that students can easily see when they have scheduled meetings for classes. If you would like to schedule a support meeting with teachers, please feel free to email any of us or give us a call.

Reminders:

- Breakfast and lunch are still available at Shaw from 11:00-12:00.
- There will be no office hours at Shaw to pick up work until further notice.
- Email is still the best way to get ahold of your teachers.
- We understand that this time is challenging for everyone, so if you need any help please reach out to us.

Below is some information for each content area.

English

- **Reading:** Students can checkout eBooks and audiobooks for free through [Clever](#). We would like students to continue reading independently at home each day.
- **Writing**
 - **7th Graders:** This week, students are practicing their skills by watching a short video and discussing its themes. Here is a link to the [PowerPoint](#). There is also a worksheet with extra practice for those who finish the assignment early.
 - **8th graders:** This week, 8th graders will be responding to short videos or readings in writing each day. All the videos and readings will be posted in Teams for students to access. Here are the handouts for each day: [Monday](#), [Tuesday](#), [Wednesday](#), [Thursday](#), [Friday](#).

Take care,

Ms. Bushnell [\(469\)-333-0946](tel:469-333-0946)

Mr. Denton

Science

Assignments: Weekly assignments are posted to Microsoft Teams on the Science Channel on Tuesday mornings. Assignments are due the following Tuesday giving students the week to work on them. Make sure to login to Microsoft Teams and check it out.

Virtual Check-Ins:

- Weekly 20 Minutes virtual Check-Ins are held on Tuesdays.
- 7th graders meet from 12:30-12:50pm
- 8th graders meet from 1:00-1:20pm
- Check your calendars on MS Teams for the link to the virtual check-in. This is a great time to ask questions and say hi.

Reach out if you have any questions or don't know what you should be doing.

Stay strong! Mr. Burns

Math

Teams Classes

If you haven't made it to Shaw to get your math book yet please do so, the focus of the remaining sessions will be going over questions you all have from the books you are working on. There are two books for each class. Geometry students and all 7th graders can work out of either book, 8th graders in MS2 should work on functions (Unit 5) if they are going to LC, Ferris, or NC. Pythagorean Theorem if they are going to Rodgers or Shadle.

Just like last week all the math meetings will run back to back, so if you miss your time slot you could check in during the others.

I look forward to hearing from you all, and hope you are all doing well.

Below are descriptions of what you can do if you need any additional tasks as we get going.

Summit

Keep watching the resource videos and doing the practice problems for the PFAs that you have not finished yet. Be sure to take good quality notes as you watch the video and focus on recreating the process.

Moby max

You can also practice any grade level material you want on Moby Max. To access your account, go to the clever link that is included in the English section, log in, and click Moby Max.

Khan Academy

You can use khan academy the same way you access Moby Max, and again, take your pick of grade or subject level content.

Mr. Shorey

Social Studies

Good Morning, I hope all of you had a nice weekend. This week will be much like next week in terms of both content and process. Continue to find all assignments within Microsoft Teams and submit when you are able. Thank you to those that have been working so hard the last couple of weeks. Remember, check your calendar for our Wednesday meetings. Remember, you can work in any order if you choose.

Summit

DO NOT work on Summit projects/checkpoints for my class. I have decided that the Summit curriculum is not appropriate for our learning.

Microsoft Teams:

Please check Teams regularly, all assignments will be included within this platform.

- **7th Grade:** This week you will learn more about the geography and history of Washington State. Log in to teams, and analyze the maps, videos, and all other forms of engagement. This will allow you to complete your assignments.

- **8th Grade:** Our focus will be around the Civil War and slavery. We will look at both the historical roots of slavery and how slavery impacts society even today. Your assignments will be a combination of reading, maps, video, etc.

Hope all is well-Roberts!

Special Ed.

I have developed the school closure learning plans to outline supports for your students, if you have questions about them please let me know.

During this time, my focus is on providing enrichment opportunities for students to continue their growth while we are away. Please encourage your children to keep reading and checking in with our team of teachers.

Parents, if you want some information on the tools available please email me at blained@spokaneschools.org and I can schedule a call to walk you through what you need.

I will assign one lesson for reading/writing and one for math each week to provide opportunities for practice and growth through Moby Max. Moby Max can be accessed through the [Clever](#) link below.

I am also offering the option of using Zoom to screenshare and demonstrate some of the tools I mentioned. Your students should know how to access [Summit](#), Moby Max, and [Clever](#). We are all available for tutorials if help is needed.

Take care,

Blaine Denton
