

Closure work of Shaw art students

During our extended break, I am providing each student with a drawing assignment that can be completed at home. If students were at school on Monday March 16th, I gave each student 10 sheets of drawing paper. If students were not here to get the paper, they may use ANY paper to do the drawings. They can use blank copy paper, lined paper, the back of an envelope, an old grocery bag, whatever can be found. Students may also use any medium they have access to: pencil, pen, crayon, etc.

When a drawing is completed email me a photo to, deant@spokaneschools.org . Be sure student name appears on the artwork and can be seen in the photo or put student name in the message before clicking send.
