

March 16, 2020

Dear Parents and families,

In an effort to support you while school is cancelled, we are sending home several things to help you! We have included individual work packets, based on your student's IEP goals, as well as some supplies and books that you can keep!

If you have internet access, please utilize the school district resources that are available. In our classes we often use "MOBY MAX" and your student is very familiar with it. Within MobyMax there many great applications, reading, language, writing, math, science, social studies and more! Here's how you can access it through the district website:

Spokaneschools.org --> Learning --> Technology and Assessment --> Digital Tools-->

CLEVER----> Login--> Then the student's ID# (lunch #)\_\_\_\_\_ and 8 digit birthdate XX XX XXXX.

Once into Clever you will see several apps, all are good! Also on the district website are other resources, all are great!

Some other websites you might want to use are:

Kidsnationalgeographic.com

Funbrain.com

Starfall.com

Coolmath.com or Coolmath4kids

Highlightskids.com

Scholastic.com

Youtube: Just put in "for kids" at the end of the topic.

In order to continue your student's learning, we suggest 30 minutes each day of Reading, then write in the journal about what was read for 20-30 minutes, 30 minutes of Math, and 30-50 min. on MobyMax. Also some exercise and fresh air each day!

We will miss everyone & hope all stay well and healthy! We will be checking our emails so you can contact us that way is you'd like.

Rebecca Johnson.....Rebeccaj@spokaneschools.org

Neal Brown.....Nealb@spokaneschools.org

Stay healthy!
