

Dear Home Team students and families,

We hope this message finds you well and that your loved ones are healthy. As we continue through this difficult time, our goal is to help you in any way we can. Look for messages from your advisory teacher this week in your email checking in with you. We miss you all! If there is anything we can do, please let us know.

Summit

Starting this week, you may work on past due PFAs (in red)! We will approve up to two PFAs per day between **10:00am-11:00am** and **1:00-2:00pm** Monday through Thursday. You may request them anytime; we will typically only approve them during those windows of time, so be ready! Once approved, you must complete it that day. Remember, the best way to pass the content assessments is to take notes on the Power Focus Area and use those notes on your test. You may not use other resources or materials on your content assessments.

Additionally, you may work on any overdue projects in Summit that are yellow or red. Check the final products to see what you did not complete and focus on those. Look for additional resources on the Home Away from Home Team to help complete missing work.

Learning Menu

Choose at least one activity from each category to complete. If you would like us to see it, submit your work via Teams or save it for us when you return. While we hope you engage in this learning, we know each family has unique situations, do what you can and don't stress about what you are not able to do. The point is to keep learning!
