

7th Grade Math Assignments for Last 2 Weeks

Mr Duchow

Lesson 15 – Distinguishing Volume and Surface Area

Questions 4 – volume and Surface Area Word Problems

Unit 7 Final Test

Unit 8

Lesson 2 – Chance Experiments

Video (8 min) – Intuitive sense of probabilities.

Questions (7) – Comparing Probabilities

Lesson 3 – What are probabilities

Video (8) – Intro to Theoretical Probability

Questions (7) – simple probability

Lesson 4 – Estimating Probabilities through repeated experiments

Video (6 min) – Experimental Probability

Questions (7) – Experimental Probability

Video (7 min) – Theoretical and experimental probabilities

Video (5 min) – Making predictions with probability

Questions (7) - Making predictions with probability

Video (7 min) – Probability Model examples: Frozen Yogurt

Questions (7) – Probability Models

Unit 8 Quiz 1 – 7 questions
