

7th Grade

Assignments

Week of 27 April 2020

Mr. Duchow

I have posted Unit 6 lesson 7, unit 6 quiz and adding and subtracting fractions work through Khan Academy. Although the due date says 29 May it is due this week. The assignments should look like this in Khan Academy:

2-step inequality word problems

2-step inequality word problem: R&B

Unit 6 quiz

Adding and Subtracting Fractions

In addition I will post a problem solving problem to Micro Soft Teams on both Tuesday and Thursday.

I will host a live session daily on teams to answer questions. Please avail yourself of these opportunities. Remember work is now being graded.
