

8th Grade

Mr. Duchow

Assignments

Week of 27 April 27, 2020 (assignments show a due date of May 29 in the system, but are in fact due this week)

Unit 8 lessons 9 & 10 and extra Pythagorean theorem practice accessed through Khan Academy.

Should look like the following in Khan Academy:

Right Triangle Side Lengths

Pythagorean Theorem word problems

PT word problem fishing

Pt word problem carpet

Pythagorean theorem 3D

PT proof using similarity

Another PD proof

In addition I will add Problem Solving questions on Micro Soft Teams on Tuesday and Thursday.

If you have any questions I have a live session every day on Teams, check Teams for the schedule.
