

Weekly Assignments

Mr. Duchow's 8th Grade

For Unit 8 Lesson 11 – Khan Academy

Finding Distance in the coordinate plane

Pythagorean Theorem to find Perimeter

Distance between two points

Unit 8 quiz 2

For Unit 8 Lesson 12 – Khan Academy

Edge lengths and volume

I will also post Problem Solving assignments to Micro Soft Teams on Tuesday and Thursday.

Remember all these assignments are due this week. If you have old work that is not done in Khan Academy you should go in order. Please ignore the due dates in Khan Academy, they are well into the future so that I might assign them to students who join the class late.
