

May 4 – May 8

Human Body Systems: Chapter 18.2 Other Body Systems

Monday: Read Chapter 18.12 and complete guided notes

Tuesday: Complete 18.2 Section Review

Wednesday: Review the PowerPoint using your AVID notes

Thursday: Review Vocabulary. Download or Print crossword or type your answers in a word document.

Friday. Graded Quiz. You may use all of your notes from your previous assignments. You can only take quiz once. Due Sunday at 11:59 pm.

Note: **I do not recommend printing your assignments.** *That uses a lot of ink.*

-What I recommend to do is to create a folder on your computer or on your personal memory stick labeled as the chapter we are currently being assigned (EX: 18.2 Other Body systems) and save all of your work as PDFs or WORD documents to that folder.

*this makes it easy to access for Weekly quizzes and Unit tests
