		<p>Math 5 Change Back in the Assignment Tab of Teams. This week, we are finding how much change you'll get back after you pay for an item with a certain amount of money. First, find the price of the item in the Albertsons ad. Next, look to see what bill you are paying with in the 2nd question (\$1, \$5, \$10, or \$20). Then, set up the subtraction problem. The bigger money amount needs to go on top, which will always be the amount you are paying for the item with. If you can, write out the math by hand and then check it with a calculator. If you need to use a calculator to do the subtraction, go ahead. Write the answer in the box. Don't forget your dollar signs \$ and decimal points. Turn in your assignment when you're done!</p>	<p>and watch and do the math for at least 2 videos (this can be any of the video folders- adding, subtracting, multiplying, dividing, money counting, telling time, writing number words, word problems, or counting). At least one video needs to be about your IEP goal. You can ask Mrs. Thompson or check your math binder if you aren't sure what that is. You can also do some IEP goal work out of your Math Binder if you would prefer. Tell me how many problems you got right for the IEP goal work assignment in the assignments tab! If you do work out of your binder, you can have an adult at home check your work to see how many you got correct or you can send me a picture and I'll check it.</p>	<p>school as of today is 164. On the back, complete the top grid 3 times using the following numbers: 164, 111, and 92. In the math folder in our class page's Teams files tab (up on the top bar), there is a Math Meeting folder with the video for today of me completing Math Meeting. It's titled Math Meeting 5-28-20. On the back Problem of the Day, the problem is 180-164.</p>	<p>icons). You can either go to MobyMax or login through Clever and click on the MobyMax icon on Mrs. Thompson's teacher page.</p>

Social Skills Period 6	No school today for Memorial Day! Enjoy your long weekend!	<p>Science Day! Sink or Float?</p> <p>The directions and explanation for this activity are in the Social Skills folder in the top Files tab in Teams: Sink or Float 5-25.</p> <p>This video also shows you what to do and gives you some ideas of objects you can use around the house if you have some of them.</p> <p>Directions:</p> <ol style="list-style-type: none"> 1.Fill a container with water (like a tub, large bowl, bucket, could even be a bath tub) 2.Find objects around the house (at least 5) that you can safely put in water (examples: spoons, pencils, fruit, leaf. Do NOT use technology). 3.Predict whether each item will sink or float ahead of time. 4.Place each object in the water one at a time 	<p>Virtual Field Trip Day! (SLP activity)</p> <p>In the files tab of Teams, open the Virtual Field Trips folder. Click on the document labeled "Garry DI Virtual Field Trips.docx" Click on the link for the Carlsbad Caverns. When finished answer questions 1-5 with your family.</p> <p>Work together when necessary. Speak slowly and clearly so that you are understood. Ask for help when needed. Is this a place you would like to see someday in person?</p>	<p>Giving Compliments</p> <p>Giving compliments makes other people feel good.</p> <p>In the Social Skills folder in the top files tab, open the Giving Compliments file. Read the story about Tonya and answer the questions by talking with your family.</p> <ol style="list-style-type: none"> 1.Should Tonya be worried about what people will say? What do you think people at school will say? 2.How do Tonya's friends make her feel? Tell about a time you gave someone a compliment. 3.What is a compliment someone has given you before? <p>Try to give 3 compliments to people you talk to this week- this can be family or friends. You can say them to them in person,</p>	<p>Play a game with your family! This can be anything! Tic Tac Toe, Uno, Yahtzee, a puzzle, charades, shut the box etc.</p> <p>Practice turn taking, fair play, being a good winner and a gracious loser. Review rules and expectations before the game with the group so that the rules are known.</p>

		and see if they sink or float. 5. Check if your prediction was right for each item. 6. At the end, read the explanation on page 3 of the Sink or Float 5-25 document under "How it Works."		call someone, send a text message, send an email, or write a note/card.
