

Week of: 6/8 – 6/13
MS1 Learning Guide: Gellerson

Learning goals for this week include:

1. I can identify 2 dimensional shapes that result from slicing 3 dimensional solids.
2. I can calculate the volume and surface area of right prisms.
3. I can find the measures of missing angles using complementary, supplementary and vertical angles.

Expectations:

1. Students will login to Teams to get their weekly learning plans (Click on Files – June 8th)
2. Students will complete work on Edulastic and Teams, using the assigned videos and practice problems to solidify their understanding of the material.
3. Students will take advantage of the weekly Teams meetings to ask questions and get help with their assigned work.
4. Students should have weekly assignments completed and submitted by the end of the day on Sundays. Late work is always accepted.
5. Students should be working out math problems on a piece of paper or whiteboard. Many of these problems require you to work them out!
