

Garry Update June 1-June 5:

We are in June, and only have 3 weeks left in the school year. There are only two art projects left, one this week and one next week. The final week of school will be for students to complete any missing work before the end of the school year and final grading is complete.

Weekly Assignments:

You have a new drawing project this week: "Pointillism Drawing". You can find the project located in the "Art Teams Site" and it will be **DUE Friday, June 5.**

- Your project this week uses a unique art technique called, **POINTILLISM**. This technique is basically using dots to create color, shade, warm and cool areas and objects in an artwork.
- You need to **review vocabulary** using the "vocabulary glossary" loaded in TEAMS under "files" and then the "class materials" folder. These vocabulary terms relate to color and the art technique of **Pointillism**; understanding these terms will help you with your project.
- I have linked a couple of **Helpful Websites** under the "WIKI" tab in your "Art Teams" site. One video is about artist, George Seurat, and the other videos are a 4-part series that discuss Pointillism, and also review many of your vocabulary terms. Videos should be watched before you begin your project. You are also expected to take notes on the videos and turn them in with your project.

Pacing Plan for your Work:

You have 5 school days to complete your "Pointillism Drawing Project" and video notes. You should plan to be spending about 20-30 minutes on your assignment each day. If you choose to work in longer chunks that is just fine. The below plan is a suggestion for completing your work by Friday, June 5.

Monday June 1	Tuesday June 2	Wed. June 3	Thursday, June 4	Friday, June 5
Goal: <ul style="list-style-type: none">• Read "Pointillism Drawing" project assignment.• Review vocabulary for project.• Read about color in "class materials" folder under "files" in TEAMS.	Goal: <ul style="list-style-type: none">• Watch videos in WIKI tab in "teams" and take notes.• These videos may take about 30 min.	Goal: <ul style="list-style-type: none">• Gather supplies for your drawing project.• Find an image to use as a reference (simple may be best for this project).• Begin project: sketch "contour line drawing" of image.	Goal: <ul style="list-style-type: none">• Add detail to "line drawing" and plan color.• Begin adding color using "pointillism" method of DOTS in combination to create color areas.	Goal: <ul style="list-style-type: none">• Complete "Pointillism Drawing" Project.• Turn in project by uploading a picture file to the assignment in TEAMS, and also your video notes.

Class Meeting:

We will have a class meeting this week on Thursday afternoon. I will send you an invite to this meeting through email and the meeting should also be posted in the "ART teams" site. You should get a reminder of the meeting on the day of the meeting and then 15 minutes before the meeting. **It is important that you are attending these class meetings; attendance at meetings is recorded and will be part of your Quarter 4 grade.** Send me an email with any questions you might have!

Have a great week!
