Quick Write (Extended Thinking):

Think about how President Hoover and President F. Roosevelt handled the Great Depression and the economic down turn the United States took during this time. Right now, the United States is facing another economic downturn because of the COVID-19 Pandemic. *Imagine you are either the President or our Governor. What would your "NEW DEAL" plan be? It can be a plan for the nation or for just our state.*

1. Name your Program
2. What problems will your program solve? (Unemployment? Homelessness? Lack of food/ other products? Etc).
3. What are the goals of your program? (How are you going to solve the problem(s) from #2. Who can apply for your program or whom would it help? How many people will it employ or help?).
4. Give your program a catchy slogan for people to remember it by.
