<p>Since this is a learning process for all of us, I want us to take today and tomorrow (5/5 – 5/6) to finish the assignments from last week. You can find these in one of two places: either in the “Assignments” tab (where I believe you will not have to download it to complete the assignment) or in the “Files” tab (where you will have to download the document). When turning in your assignment (either using the “Assignments” tab or emailing me the document, please make sure to attach the document. IF you are done with this assignment, please make sure that you have completed (and emailed me pictures or answered the questions in a word document) the assignments from March 16th. This PDF can be found in the “Files” tab if you have misplaced yours.</p> <p>Virtual class meeting on Microsoft Teams at 11:30 – 12:00 pm</p>	<p>Continue the work from yesterday (5/5).</p>	<p>Today, you will go through a PowerPoint on “Body Organization”. I have included a voice recording on each slide (you’re welcome 😊), so you may need to click the “next” button a second time to hear me. You can find the PowerPoint and the Vocabulary assignment to go along with it in the “Assignments” tab (it can also be found in the “Files” tab). Please make sure to turn in the vocabulary assignment when completed.</p>	<p>Today, you will watch a short video by Crash Course called: Intro to Anatomy & Physiology. (The underlined title is a link to the video) Once you have watched the video, the short assignment to go along with this video is in the “Assignments” tab. (It can also be found in the “Files” tab). Please turn in as soon as you are finished.</p>	<p>Today, you will go through a PowerPoint on “Skeletal System”. I have included a voice recording on each slide (you’re welcome 😊), so you may need to click the “next” button a second time to hear me. You can find the PowerPoint and the review assignment to go along with it in the “Assignments” tab (it can also be found in the “Files” tab). Please make sure to turn in the assignment when completed.</p>
