<p>This week you will create a “wanted poster” for one of the 10 types of engineers listed on the assignment. You can create the wanted poster on the computer or by hand ~ either way is fine ~ just make sure you turn it in once you have completed it. I would highly encourage you to briefly look up several of the types of engineers (especially if you have no idea what they do), so that you can pick one that actually interests you. You have the week to work on this. If you finish it quickly, I HIGHLY encourage you to make sure you’re caught up with everything else for this class. Remember you must send me pictures of your builds/drawings to get credit for them.</p> <p><b>Virtual class meeting on Microsoft Teams at 2 – 2:30 pm</b></p>	<p>Continue your wanted poster.</p>	<p>Continue your wanted poster.</p>	<p>Continue your wanted poster.</p>	<p>Finish your wanted poster.</p>
