

# 7<sup>th</sup> Grade World and Washington State History

**Mr. Lindgren**

**Room 211**

*Hello Ravens! My name is Harrison Lindgren. I am very excited to be joining you all for this year at Garry Middle School as I embark on my own journey – student teaching. I am a graduate student at Gonzaga University. I received my bachelor’s degree from GU in history and English this past spring.*

*I look forward to working with you all as we explore the early history of our world, investigating patterns and trends that led to our current way of life. History is a story, and I am excited to help tell it!*

*Outside of teaching, I am a part-time voice actor summer-camp counselor. I love musical theater and that love has translated into a rather vibrant teaching style that focuses on creating an active, community-based learning environment.*

*I hope that, throughout this year, we can come together to create a positive learning environment where each of you can explore historical themes and concepts.*

*Looking forward to a great year!*

*Regards,*

*Mr. Lindgren*
