

Course Name: Guitar Lab

Duration: 1 Semester Full Year

Grade Level: 9th 10th 11th 12th (check all that apply)

Are there any prerequisites for the course?

None.

WHAT this course is about:

This course delves into various styles of guitar (acoustic, electric, etc.) Acoustic guitars are provided by the school, but students are welcome to bring their own.

WHY take this course:

Students who want to learn or improve their guitar skills should sign up for this course.

WHAT you'll learn:

- How to read guitar notation (tablature)
- How to play the guitar from the introductory level to the intermediate level
- How to read/play various strumming patterns
- How to play chords and pluck individual notes
- How to play in various genres (rock/alternative/blues/folk/pop/etc.)

WHAT you'll do:

Rehearse daily on the guitar. Students work towards bettering their guitar skills independently.

WHERE this could take you:

A lifelong love of music, especially the guitar.
