

**Course Name:** Spanish-Year 2

**Duration:**  1 Semester  Full Year

**Grade Level:**  9th  10th  11th  12th (check all that apply)

**Are there any prerequisites for the course?**

Spanish 1A and Spanish 1B

**WHAT this course is about:**

The second year of Spanish enables students to expand vocabulary and explore the target language using more complicated structures and systems. It is a continuation from Spanish Year 1 and the foundation upon which Spanish levels 3, 4 and 5<sup>th</sup> year AP are built. As students increase their ability to understand, they will be speaking with more confidence and complexity. Students will continue to develop their Spanish proficiency through extensive interactions in the target language emphasizing four language skills: Listening/Understanding, Speaking, Reading and Writing. It is a fast paced and rigorous course that offers new adventures and new challenges as students dive in to learn about various Spanish speaking cultures and real-world themes. This course will help students expand their worldly perspectives as they continue on their way to becoming global citizens.

**WHY take this course:**

Spanish is the 4<sup>th</sup> most spoken language in the world and is the official language of 21 different countries. Studying Spanish will help you:

- 1) explore and connect with other cultures and cultural traditions.
- 2) communicate and interact with Spanish speakers in other countries and also with the more than 44 million Spanish speakers living right here in the United States.
- 3) open up future career opportunities as knowing a second language can enhance any resume.
- 4) enhance worldly perspectives helping students along the way to becoming responsible global citizens.

**WHAT you'll learn:**

Using the National World Language ACTFL Standards, students will learn important vocabulary and grammar and they will be asked to put their knowledge to work in real-life settings. Students will read short selections and stories at more advanced levels. They will be able to talk about where they live, life after school, clothing and daily routines, technology, vacations by plane and train and family celebrations. Classwork will be conducted in the language as much as possible to provide practice in expression and comprehension. Students' cultural awareness will expand through cultural study and global connections.

**WHAT you'll do:**

In this class, our work is centered around the “5 C’s” of the ACTFL World Readiness Standards: Communication, Cultures, Connections, Comparisons, and Communities. This class stresses all four language skills: listening/understanding, speaking, reading comprehension, and writing; in three content areas: vocabulary, grammar, and culture. Students will learn important vocabulary and grammar, while exploring different cultures of the Spanish speaking world and they will be asked to put their knowledge to work using real world applications.

**Is there homework?** YES! Learning a new language is like learning to play a new instrument. Regular practice is critical to success. So, yes-required homework is regularly assigned in Spanish 2.

### **WHERE this could take you:**

Taking a World Language in High School is NOT currently a requirement for graduation. BUT...most 4 year Universities require 2 or 3 years of World Language for admittance. If you are interested or even thinking about attending a 4 year College sometime in the future, World Language is a must. Also, knowing a second language can open career paths that could make you more marketable in your career search. It also equips speakers for culturally rich experiences abroad in the future.
