brainstorm a list of questions that will help you compare and contrast an aspect of Ibo culture before and after colonization.

Write your over-arching question here.

*How is an Ibo wedding similar to or different from an American wedding?*

In order to answer your essential question, you will have to answer smaller, supporting questions.

Write your supporting questions

*How do people agree to marry?*

*What happens before the wedding?*

*What happens at the wedding?*

*Where does the wedding take place?*
