Public Content**RECOMMENDATION**

Approve NAC|Architecture of Spokane for designing the Glover Middle School Replacement project.

BACKGROUND

The 2018 Bond included the Glover Middle School Replacement Project.

The selection of the architectural firm is a two-step process involving the submittal of qualifications followed by an interview. First, a screening team of selected Capital Project staff reviewed each proposal, scored each firm on their qualifications, and designated four firms with the highest scoring to advance to the interview stage. Second, the interviews were conducted and scored by a team including Board Member Deana Brower, Associate Superintendent Dr. Mark Anderson, Supervising Director of Secondary Programs & Special Services Shawn Jordan, Glover Middle School Principal Mark Lund, Director of Capital Projects Greg Forsyth and selected Capital Projects staff. The highest total score was achieved by NAC|Architecture.

Subsequent to School Board approval of the recommended firm, Capital Projects staff will negotiate a contract and its related fees. The contract will then be recommended for Board approval at a later scheduled meeting.
