

Agenda Item Details

Meeting	Aug 09, 2023 - Regular Meeting
Category	5. CONSENT AGENDA
Subject	D. RFP 31-2223; School-Based Health Clinic
Type	Action (Consent)

Recommendation:

Enter into a Lease Agreement with CHAS Health for the operation of a School-Based Health Clinic (SBHC) at North Central and Shadle Park High Schools

Background:

Healthy children are better learners and better learners are better prepared to achieve healthy lifestyles. The mission of providing an SBHC, is to provide for prevention-oriented multidisciplinary health care to students in their public school setting. These services are coordinated with the medical, health education, student services, and behavioral health services currently provided by the schools and the students' community-based primary care provider.

Given the potential interest of multiple providers in providing services, a Request for Proposal (RFP) was issued. One response was received from CHAS Health. CHAS has operated a SBHC at Rogers High School since the fall of 2019 with much success, and with the award of this RFP, CHAS will operate clinics at both North Central and Shadle Park High Schools through a Lease Agreement with the district.

Therefore, it is recommended that the board approve the award to CHAS for operation of SBHC at North Central and Shadle Park High Schools, utilizing current available surplus space within the school buildings.

Our adopted rules of Parliamentary Procedure, Robert's Rules, provide for a consent agenda listing several items for approval of the Board by a single motion. Most of the items listed under the consent agenda have gone through Board subcommittee review and recommendation. Documentation concerning these items has been provided to all board members and the public in advance to assure an extensive and thorough review. Items may be removed from the consent agenda at the request of any board member.

Motion & Voting

Motion by: Director Lockwood. Second by: Director Bedford.
Yes: Melissa Bedford, Nikki Lockwood, Mike Wiser
Final Resolution: Motion carries
