SCRIP Order Due

October is National Bullying Prevention Month. Here at SPM this week our counselors presented in each classroom the definition of bullying, intimidation and harassment and students created footprints of a positive pathway for our school. We also reminded students of **our Four Agreements**. We agree to be safe, respectful, responsible and a learner here at Montessori. Teachers have toured the school with students to demonstrate what these agreements look like in each setting and when agreements are broken the teachers, counselors and I spend time re-teaching these lessons to ensure our school is a safe and supportive place to learn. All behavior is communication and we look at what each child is trying to communicate with their behavior and teach these skills or meet their need. When kids are seeking attention, we know they are really seeking connection and we take a team approach to being sure all children feel connected in our community. Thank you for reinforcing these agreements at home with your children and encouraging them to speak with courage to an adult when they see or hear things that do not align with our agreements. -Shannon

“How beautifully leaves grow old. How full of light and color are their last days.”

– John Burrows

Attitude of Gratitude

- Thank you to all the parents and grandparents who came to cheer on and volunteer to help at the Cross-Country meet!
- Thank you Coreanna for helping to organize parent volunteers! We can't do so many great things for kids without volunteers!
- Thank you, mentor families and families who signed, up for a mentor. If you didn't sign up but would like to have a mentor or be a mentor family, there will be information at conferences!
