Ends!

Benson Field Trip 8:40-10:45

1:45 Release - No SHOP

Saturday-

SPM Night at Spokane Chiefs!

It is exciting to have the opportunity to meet with families in October rather than December this year. You should have received your conference schedule this week. Thank you in advance for taking the time to come in and meet with your child and the teacher. In our school children prepare their conference to share with families in collaboration with their teacher. The support you can offer the teacher is appreciated and a valuable aspect of your child's success. We also recognize that parenting is hard work and each stage can present new challenges. All of us are willing to offer support and suggestions for you at home as well. The partnership with you is our foundation for success. This week as a parent here myself I needed the village of both staff members and other parents in supporting my children through some challenges. In reflection I was grateful to know what this wrap around support feels like as a family. We know it takes a village to raise a child, but it also takes a village to raise a parent in hard times as well!

-Shannon

"October is the opal month of the year. It is the month of glory, of ripeness. It is the picture-month." -Henry Ward Beecher

Attitude of Gratitude

- **Thank you Chaperones for our recent field trips in Bradley, Coghlan, Andre, and King's classrooms!**
- **Thank you, Reading Night Committee, for planning a wonderful free family event this month!**
- **Thank you, families, for checking the lost and found next week! It is full!**
