Our Auction is coming next week, and I am hopeful you have a ticket, you have invited friends and family and are ready to take the “leap” for our children. It is of course our most important stream of revenue to ensure that all kids can go to camp out, our classrooms have rich materials and beautiful artifacts, and we provide professional development support to our teachers to continue to offer and authentic Montessori education. More than this, it is a night to build community and to celebrate the leap we all took as parents to seek a rich authentic learning environment for our children. We get to be with adults and remember how fun we are without our children by our sides! It is an opportunity to appreciate how each member of the Community of Montessori Parents is vital to the continuation of the legacy those parents envisioned over thirty years ago. Let’s get ready for a fun night to remember how fortunate we are as a learning community and how hard we are willing to work for all our children to enjoy the amazing environment we have created at Spokane Public Montessori. -Shannon

"There is no power for change greater than a community discovering what it cares about."
