Spring is really coming! Watching the kids joyfully running around on solid rather than muddy ground was a good reminder of the power of play and outdoor learning. In a large urban setting, we seek outdoor learning as much as possible, but every class has their grand finale of outdoor learning fast approaching! All 1st-8th grade students take their lessons and knowledge practiced all year and apply these skills in their campout lessons. It is not extra learning or a reward. Campout is the application of all their subjects connected to the world as the cosmic approach to Montessori demands. Your child's campout is in the parent calendar and you can prepare by attending planning meetings hosted by the teacher, making payments on the fee, donating to and attending the gear swap for the items needed on campout and chaperoning a campout as an adult camper and/or educator. When your child returns from this experience, they are a little taller, a little dirtier, and a lot more independent and confident! It is an amazing experience for both adults and students in our community! I have overheard many kids preparing for their experience already!

-Shannon

"Must we always teach our children with books? Let them look at the mountains and the stars up above. Let them look at the beauty of the waters and the trees and flowers on earth. They will then begin to think, and to think is the beginning of a real education." ~ David Polis

Attitude of Gratitude

- **Thank you for sponsoring, attending, volunteering, donating to support our auction! This fundraiser helps sponsor scholarships so all kids can attend campout!**
- **Thank you Sulo Abeid, Melissa Froese, Sara Walch, Tanya Aoyagi, Brad & Beth Thompson, Matthew Altermatt, Shelli Sorenson & Natalie Grosser for leading all work that went into our auction!**
