2023-2024

Interventions:

1. Verbal Reminder
2. Seat Change
3. Student conference
4. Parent Contact
5. Administrative Referral

Grading:

Students are always allowed to redo or modify unsatisfactory grades. The goal is to learn and sometimes we make mistakes along the way. Mistakes are part of learning! Any missing work must be submitted before the quarter deadline.

Student Supplies:

- Pencil with eraser
- Extra Fine Tip Sharpie
- Sketchbook

Absences: If students are absent from school, they are responsible for making up missed work. Most of our assignments are project based, and if a student is gone for one or two days they can easily get caught up when they return. For extended absences, please contact me to pick up work & supplies.

Overview

Art is a semester long class. Each semester students create a variety of drawing, painting, sculpting, mixed media, and ceramic projects. Each semester has different projects, allowing students to take an entire year of art if they choose and repeat the class in consecutive years.

Student Expectations

Be Prompt:

Students are in their seats when the bell rings. Unexcused tardies will result in students staying after class for 1 minute.

Be Prepared:

Students have necessary supplies: sketchbook, pencil & extra fine Sharpie.

Be Polite:

Appropriate classroom conversations, table voices, treat others with kindness.

Be Productive & Responsible:

Use materials appropriately, clean up, on-task behavior, assignments submitted on time.

Quiet Starts:

Listen to teacher instruction, raise your hands, quiet work the first 20 minutes of class or at the teachers discretion.

Cell phone use is not allowed in art!

Cell phones should be off and hidden in backpacks, because they are a distraction to the learning environment. Students may use the class phone or the office phone. Please leave messages with the front office.
