

# CAREER EXPLORATORY

## STUDENT VOICE

This semester long class provides students a look at possible careers in their future. Students will be introduced to a wide range of career across various industries and gain in-depth knowledge of the skills, responsibilities, and daily activities associated with different professions.

## HS CONNECT

Students who take the Career Exploratory will examine diverse career pathways, including traditional academic routes, vocational training, and apprenticeships. Students will identify the educational requirements and qualifications for different careers.

## PARTICIPATION EXPECTATIONS

- **Active Participation:** Be willing to try new things and participate with classroom activities.
- **Organization:** Students will develop research skills to gather information on specific careers.
- **Presenting:** Students will practice creating engaging and informative presentations to share their findings with peers.

## COURSE DESCRIPTION

Students will explore their interests, skills, and aptitudes. Students will engage with content that reinforces key STEM skills and mindsets. Students will connect with employers, educators, and resources in the region. Students will learn practical steps to protect their privacy and safety online. Students will engage in real-life financial scenarios that focus on skill building and responsible decision making.

## WHY CHOOSE CAREER EXPLORATORY?

Come explore your future with us!

## Learn How To:

- explore your interests and connect those to possible careers
- navigate real-life financial scenarios
- create and deliver presentations about a wide variety of careers and occupations
