

AVID

STUDENT VOICE

In AVID, students have the opportunity to make new friends, gain confidence in speaking, learn how to improve writing and organizational skills for college. Students go on field trips to learn more about college and opportunities beyond high school.

HS CONNECT

AVID is a nationally recognized program that is offered at both the middle school and high school level. If students choose to continue in the AVID program they will work on developing the skills needed to write resumes, apply for colleges and succeed in their most rigorous high school courses.

PARTICIPATION EXPECTATIONS

AVID students are held to high expectations. AVID students must apply and go through an interview process to determine if they will be a good fit. Once accepted, students are required to maintain a 2.0 GPA and acceptable citizenship in all of their core classes. Any student can be an AVID student if they have the desire to be successful!

COURSE DESCRIPTION

AVID, Advancement Via Individual Determination, is a nationally recognized academic elective designed to help bright, motivated students. AVID equips students with the academic, social and emotional support that will help them succeed in their most rigorous courses, college and beyond.

WHY CHOOSE AVID?

National Averages say that:

- 92% of AVID students completed 4-year college entrance requirements
- 9 out of 10 AVID graduates that applied to 4-year colleges were accepted.

Learn....

- Proven ways to succeed in school
- WICOR strategies (Writing, Inquiry, Collaboration, Organization, and Reading)
