

# PRODUCTION

## STUDENT VOICE

“Not only is it a fun class but you will figure out how to photoshop pictures and edit videos! That’s a skill I bet a lot of people would like to know.” ~ Kamden

“You can learn how to take beautiful photos. Also stop motion is one of the most fun projects, although a lot of work, it is worth it. Give Production a try!” ~Amelia

## HS CONNECT

Shadle Park High School offers a variety of Arts and Humanities courses:

- Digital Photography
- AP Digital Photography
- Yearbook
- Stagecraft

## PARTICIPATION EXPECTATIONS

- Students use a variety of technology in class including laptops, DSLR cameras, drawing tablets, and video cameras. They must follow the Equipment Expectations.
- Students work on the computer to edit photos and videos.
- Want to learn how to use Photoshop and Premiere to edit photos and videos.
- Be willing to work with others.

## COURSE DESCRIPTION

Production is a **one semester** class. The class introduces students to the basics of photography, editing and stop motion. Students learn how to operate a DSLR camera and then use the pictures they take for different projects.

Depending on class interest, the basics of graphic design or video editing may also be covered. Once introduction projects are complete, students get to come up with and plan their own projects for Stop Motion and Photo Editing.

## WHY CHOOSE PRODUCTION?

You want to learn more about **photography**, **editing** and **stop motion**. You enjoy using the computer, taking pictures, and being creative, then Production is for you!

## Learn How To...

- Take photos using a DSLR camera.
- Edit your photos and create designs in Adobe Photoshop.
- Create Stop Motion projects.
- Edit videos in Adobe Premiere.
- Elements of Graphic Design in your projects.
