Documents lowered to the level of verbal warning will be removed from the personnel file and will be kept in the site supervisor's file only. Two years after the issuance (or date change) of a verbal warning, the verbal warning will be removed from the supervisor's file upon receipt of a written request from the employee. The only reference to the discipline action will be kept in District records, separate from the employee's personnel file, as evidence of the District's handling of the matter. It cannot be used as basis for future progressive discipline of the employee.
- F. The Washington Administrative Code governing acts of unprofessional conduct for certificated employees will be used as the guideline for all employees. In the event the disciplinary action falls under these standards, the two-year provision of this section may not apply.

- G. The District may counsel or clarify expectations verbally or in writing. If the District chooses to counsel the employee in lieu of disciplinary action, such action is not considered to be disciplinary and is therefore not subject to the provisions of Article IV, Section 1: Progressive Discipline.

STEP 1

Each employee is encouraged to seek resolution of grievances through administrative channels and to discuss such problems first with the person to who they are immediately responsible. If the matter is not resolved at that level or if the employee is reluctant to discuss the problem with their immediate supervisor, the employee should discuss the grievance with their department head.

STEP 2

In the event that the grievance is not resolved at Step 1, the grievance shall be reduced to writing and presented within five (5) days to the Business Manager of the Union and the Director of Maintenance and Operations. The Director of Maintenance and Operations shall meet with the grievant and shall provide the grievant with a written disposition of the grievance within five (5) days after such meeting.

The Union will notify the District in writing that the matter is to be submitted.

The PERC arbitrator should make every effort to present their report and findings in writing to both parties within thirty 30 days. The arbitrator shall be bound by the expedited rules of the American Arbitration Association. The arbitrator shall have no authority to extend, alter, or modify the terms of this Agreement and shall limit their findings and decisions solely to the interpretation and application of this Agreement.

If either party wishes to change the arbiter, a written request shall be submitted to the other party. The parties shall select another arbiter by mutual agreement. Except by mutual agreement, the incumbent arbiter cannot be replaced until a grievance in process has been culminated.

The District and the Union shall each bear its own expenses involved in the processing of a grievance. The two (2) parties shall share equally the cost of the arbiter.

Failure of either party to comply with the time limits set forth in this grievance procedure will serve to declare the grievance settled based upon the last request made or the last answer provided, and no further action shall be taken. Grievances shall be processed during the period in which the parties are available.

ADDENDUM B
FAMILY MEDICAL LEAVE PROVISION

An eligible employee is entitled to a total of twelve (12) workweeks of family medical leave during any fiscal year (September 1-August 31). A regular employee shall first become eligible for family medical leave following the adjusted anniversary of their date of hire. Employees other than regular employees shall be eligible, according to the eligibility provisions established in the family medical leave act.

An eligible employee is entitled to family medical leave for:

The birth of a child and to care for such child.

The placement of a child with the employee for adoption or foster care that requires state action.

Caring for the employee's seriously-ill spouse, parent (not parent-in-law), child under eighteen (18) years of age or a child over age 18 who is "incapable" of self-care because of a mental or physical disability.

A "serious health condition" that makes the employee unable to perform their job functions.

For purposes of family medical leave:

"Incapable of self-care" means that they are incapable of performing several of the basic activities of daily life without the assistance of another person.

"Spouse" is defined in accordance with state laws. Unmarried domestic partners do not qualify for family medical leave to care for their partner.

"Serious health condition" covers conditions or illnesses affecting one's health to the extent that inpatient care is required or absences are necessary on a recurring basis or for more than a few days of treatment or recovery. Prenatal care is explicitly included; routine physical examinations are explicitly excluded.

If leave is taken for birth or placement for adoption or foster care and both spouses work for Spokane School District No. 81, the family medical leave that may be taken is limited to a combined total of twelve (12) work-weeks, provided that any period of physical disability taken by the biological mother shall not be included in the twelve (12) week limitation.

Family medical leave shall be without pay for all or part of the leave. An employee may elect to use accrued sick leave to which they are entitled prior to going on unpaid family medical leave. When requesting family medical leave, the employee shall notify the District of their intentions regarding use of accrued paid leave to which they are entitled.

Spokane School District No. 81 shall be responsible for maintaining coverage under any group health plan for the duration of such leave and under the conditions coverage would have been provided if the employee had continued in employment for the duration of such leave. If the employee fails to make timely payment of their portion of the premium, the District shall cease to maintain health coverage. Upon the employee's return to work, the employee's group health benefits will be restored to the terms

that would have been provided if the employee had continued in employment for the duration of such leave.

If the employee fails to return from family medical leave the district may deduct from any sums owed to the employee for all premiums paid during the leave. Any amount not received by deduction, the former employee must reimburse directly to the District.

Family medical leave taken on an intermittent basis (such as working a reduced work-week) for purposes of birth or because of placement for adoption or foster care requires district approval. Leave to care for a seriously ill family member or because of the employee's own serious health condition may be taken whenever medically necessary. If an employee requests intermittent leave to care for a seriously-ill family member or for the employee's own serious health condition and the need for leave is foreseeable based on planned medical treatment, the district may temporarily transfer the employee to an available alternate position with equivalent pay and benefits, if the employee is qualified for the position and it better accommodates recurring periods of leave than the employee's regular job.

For part-time employees and those who work variable hours, the family medical leave entitlement is calculated on a pro rata or proportional basis. Employees not eligible for medical benefits will receive leave only.

Upon returning from family medical leave, the employee is entitled to be restored to the same position that the employee held when the leave started or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.

An employee who plans to take family medical leave must provide the District with the written notice at least thirty (30) days in advance, unless the leave is not foreseeable, in which case the employee must notify the District as soon as possible.

Employees should consult with their supervisor when giving notice regarding planned medical treatments and make reasonable efforts to schedule the leave so as to not unduly disrupt the district's operations, subject to the approval of the health care provider.

The District may require certification (and subsequent recertification to support continuing leave) for medical leave and may require the employee to obtain a second medical opinion at the District's expense. The District may also require periodic reports from an employee on family medical leave regarding the employee's status and intent to return to work.

The District may require instructional employees who request intermittent (or reduced) leave for planned medical treatment for more than 20 percent of the total number of days in the period during which the leave would be used to elect to:

Take leave for a particular duration of time which is not greater than the duration of the planned treatment, or

Be transferred to an alternative position.

Instructional employees who request a period of leave near the end of an academic term may be required to continue taking leave until the end of the term.
